

# YUASA NP – GENERAL INFORMATION

## ***Date Codes***

All NP products have a date code for when the batteries were made. The battery is boosted at Yuasa every **6** months and a white sticker is placed on the battery with the boost date. See example of date format below:

## ***Warranty***

The warranty is 2 years from the last date code or boost date. Yuasa will provide a replacement at no charge if the battery is less than 2 years.
